

# Lab Volunteer Position

## For the Roitberg Lab

### Who we are:

Our research deals with behavioural ecology in a variety of organisms including beetles, fruit flies, mosquitoes, and aphids.

For more information, visit <http://www.sfu.ca/~roitberg/lab/index.html>

### What we are looking for:

- Fall lab volunteers able to work September to December
- Enthusiastic, hard-working individuals
- Must be available for 4 hours/week for the duration of the semester

### Duties include:

- Insect maintenance
- Laboratory experiments
- Data recording and entry

### What's in it for you?

- Gain great experience for a future career in science and hang out with fun, smart people!

Interested? Contact **Erin Adams** at [eadams@sfu.ca](mailto:eadams@sfu.ca) with your resume and schedule of availability.

**SUBMISSION DEADLINE: Monday, September 17th, 2012**
